

U. S. TROOPS KILL 4 MEXICAN BANDITS

OUTLAWS FIGHT DESPERATELY WHEN TRAPPED

Mexicans Open Fire When Americans Near Blockhouse

MARFA, Texas, Aug. 21.—Four Mexican bandits were killed by American troops in Mexico yesterday, Captain Leonard Matlack, who arrived here by airplane tonight, reported. They were surrounded in an adobe house that the Mexicans had constructed in a mountain pass. The bandits fought desperately when the troops were trapped, and two escaped. When the American troops approached the block house with the intention of searching it, the Mexicans opened fire from port holes. The fire was returned and the block house charged by the American troops. Three of the four Mexicans killed have been identified as Jesus Janir, Francisco Janir and Jose Fuentes. All four of the men are known to Captain Matlack as bandits operating along the Big Bend border for years. It is known that Jesus Renteria, leader of the outlaw band that captured Lieutenants Peterson and Davis, was not among the dead.

Pass Carranza Column.

Captain Matlack said he passed a column of 200 Carranza troops below the border yesterday. The Carranza commander, Matlack reported, asked where the American troops were going. When he was informed that they were pursuing bandits, who had held American aviators, the Carranza commander waved his hand and said, "Go ahead."

Captain Matlack returned to report the progress of the punitive expedition to General Joseph T. Dickman, commander of the southern department. According to Matlack the American troops are in high spirits and keen for the chase. They are willing to ride day and night thru storms and over all sorts of trails to overtake the bandits. Among the most enthusiastic members of the expedition are the young aviators, Peterson and Davis, Matlack said.

"We are making progress in the pursuit of the bandits," he said. "Hard storms have slackened our speed somewhat, but we consider that we made good time."

Follow Fresh Trail

"After leaving the Rio Grande Tuesday morning," the captain said, "the expedition followed a fresh trail. The four men to whom the money had been paid had a start of more than five hours on us. We followed them to a high mountain pass where the four scattered, one going north and three southwest, as indicated by the fresh tracks. They scattered like quail and it was difficult to follow them because of the faint trails."

"The fight with the bandits in the fortified block house started as soon as the American troops commenced to search the place, fire being opened by the Mexicans from loopholes. The troops returned the fire."

Two Bandits Escape.

"Four bodies were found. Two of the bandits escaped. They are still being pursued. These two latter outlaws are believed to have been members of Renteria's gang, but the aviators could not identify them."

Captain Matlack will return to Mexico tomorrow. He held a long conference with General Dickman and Colonel George T. Langhorne, commander of the Big Bend district tonight.

General Dickman announced tonight he would remain here tomorrow in order to go over the situation in the Big Bend district with Colonel Langhorne. The cavalry troops have penetrated so far into the interior that it has been necessary to send money to the commanders in the field so that they may purchase supplies, since the line of communication is getting too long to transport provisions to the troops. Airplanes will provide commanders with funds for these purchases.

If Captain Leonard M. Matlack had not spurred his horse, carrying Lieutenant Paul H. Davis on behind, and made a dash for the border Tuesday morning, when the aviators' ransom was paid, there is little doubt but that he and Lieutenant Davis would have been killed by bandits.

This developed tonight when Captain Matlack reported to General Dickman and Colonel Langhorne the reason he escaped from

the bandits without paying the ransom. In hearing Captain Matlack's version of why the full ransom was not paid General Dickman, who announced in San Antonio that he would insist that the full amount demanded be paid he said:

"I still think the money should have been paid in full because the government is too big to break its word with anyone. But Captain Matlack's story put an entirely different phase on the matter and I have telegraphed a modified statement tonight."

Asks Immediate Withdrawal.

Washington, Aug. 21.—Immediate withdrawal of the American troops on the trail of bandits in northern Mexico was asked today by Mexican Ambassador Bonillas who called at the state department to present a formal protest from the Carranza government. The text of the protest was not made public and officials would not discuss it further than to say the no reply had been made. The American forces went into Mexico after the bandits who partment to present a formal report of the American aviators, Lieutenants Davis and Peterson for ransom and it was indicated today that the Mexican protest would not hasten their withdrawal.

At the war department it was said no additional reports on the operations of the American forces had been received from Major General Dickman, commanding the southern department. The troops are well into Mexico and army officers hope they will clean out bandits from the stretch of territory twenty miles south of the border where they are operating.

Whether a reply to the protest will be sent has not been announced. Such protests have been made heretofore without drawing a response, officials regarding them as having been submitted largely for the record.

Two Border Patrol Fliers Are Missing

SAN DIEGO, Cal., Aug. 21.—Col. A. J. Hanlon, commanding the army aviation forces at Rockwell Field, North Island, announced tonight that two aviators from the ninth aero squadron with base here, had been missing since 4 p. m. yesterday. They are Lieutenants F. B. Waterhouse of Wieser, Idaho, and C. H. Connelly of San Diego.

The two aviators doing border patrol work started from Yuma, Arizona, to San Diego at 11:45 a. m. yesterday.

Colonel Hanlon said his conclusion was that the aviators had been forced to make a landing, possibly below the Mexican lines, near Jacumba. Fifteen machines were sent out from North Island today to try to find the missing officers, but all returned without having found a trace of them.

Lieutenants Waterhouse and Connelly were in DeHaviland machine with a 400 horsepower motor. Mexicans Search for Fliers. Calico, Cal., Aug. 21.—All available soldiers in the Mexican garrison at Mexicali, Lower California, across the international boundary from here have been despatched by Governor Estaban Cantu to search for Aviators Waterhouse and Connelly missing since yesterday it was reported tonight.

TO ASK MORE PAY FOR NAVAL OFFICERS

WASHINGTON, Aug. 21.—With 300 resignations of more than 300 permanent officers of the regular navy already submitted to the navy department and more arriving daily, Acting Secretary Roosevelt today began work on proposed legislation to be submitted to congress suggesting substantial pay increases for officers and enlisted men of the navy and marine corps. More resignations are now on file than had been received from the entire regular navy in the last 30 years. Since 1898 the average has been seven a year. Among resignations now awaiting action are those of more than 75 officers of the line, 191 doctors, 25 chaplains, a score of supply officers and nine naval constructors.

BARGE POUNDS TO PIECES

Holland, Mich., Aug. 21.—The lumber barge Delta was pounded to pieces near the mouth of the harbor here during a heavy sea early today and its cargo of 400,000 feet of lumber strewn along the east coast of Michigan. Its crew of six men and one woman were saved by coast guards.

STRIKERS RETURN TO WORK

Chicago, Aug. 21.—More than 8,000 strikers at the McCormick Harvester plant of the International Harvester Company have returned to work, it was announced today. Wage demands were not met.

Miners Move To Prevent Discrimination

SPRINGFIELD, Ill., Aug. 21.—Before adjournment here today the convention of insurgent coal miners took steps to prevent discrimination against miners by reason of the strike just ended. Provision was made for the appointment of one member of each of the 141 local unions represented in the convention who would be authorized to call a strike in that mine in the event of discrimination, and similar authority was granted chairman of sub-district policy committees with reference to the sub-district, and the state policy committee chairman affecting the Illinois district.

Recommendations to be made to the international miners' convention at Cleveland, September 9, as embodied in a report of the scale committee and adopted without opposition, were as follows:

- 1: Six hour day, five day week and weekly pay.
- 2: Substantial increase in all rates of pay.
- 3: Elimination of all penalty clauses.
- 4: Internal differences as to prices and conditions to be settled by district.
- 5: Contracts to be abrogated on thirty days' notice by either party.
- 6: Abrogation of the present agreement at the time of the international convention with a strike as an alternative if demands are not met.
- 7: All skilled labor at mines to be not less than the maximum for respective trades.
- 8: Recommending "mines to the miners."
- 9: Time and a half for overtime and double time for Sunday for all labor.
- 10: All fines collected after June 30, 1919, are illegal and must be refunded.

Discrimination, as defined by the convention, would include the application of fines for the recent strike which had its beginning in the refusal of miners to submit to penalties imposed by operators for participation in the Mooney protest strike of July 5.

TO RUSH TRIAL OF ELGIN BUTTER BOARD

CHICAGO, Aug. 21.—United States District Attorney Clyne announced today that the trial of members of the Elgin butter and egg board indicted two years ago for conspiracy to fix prices will be begun in a week or so. The trial will be rushed, it is said in connection with the investigation into the activities of food profiteers. Mr. Clyne stated today that his conference yesterday with states attorneys and food directors from ten counties of northern Illinois disclosed the fact that an unusual excessive amount of foodstuffs was held in storage for board indicted two years ago for conspiracy to fix prices will be begun in a week or so. The trial will be rushed, it is said in connection with the investigation into the activities of food profiteers.

SMUGGLING MYSTERY NEARING SOLUTION

BERLIN, Wednesday, Aug. 20. (By the A. P.)—The mystery surrounding the identity of the individuals involved in an attempt to smuggle 20,000,000 marks across the German-Swiss frontier is approaching solution, according to reports from Weimar where Chief of Police Ernst of Berlin is conferring with cabinet ministers. Police authorities claim to have under detention all persons engaged in the conspiracy, which collapsed when the airplanes which were to carry the money, securities and jewels into Switzerland were intercepted near Nurnburg, Bavaria.

MASKED BANDITS HOLD UP TRAIN

NASHVILLE, Tenn., Aug. 21.—Masked bandits held up Louisville & Nashville passenger train Number 7 from Cincinnati to Montgomery, Ala., between Columbia and Pulaski, early today and carried off the mail pouches. None of the passengers was molested. The robbers, four in number, forced the engineer to cut off the mail car and then run some distance with it. Covering the crew, the robbers sent the engine running wild and rifled the mail car. The amount of loot could not be determined.

Locomotive Finally Ran Down at Wales, Tenn.

The locomotive finally ran down at Wales, Tenn. Meantime the bandits made off without molesting the express car. Posses from nearby counties are searching for the robbers, who had a long start.

GIVE UP PLANE AS LOST

Paris, Aug. 21.—The French airplane Gollath which has been missing since it left Mogador, Morocco, for Dakar last Saturday morning, generally was given up as lost in aviation circles today. It carried eight passengers.

PROCLAIMED MARTIAL LAW.

Copenhagen, Aug. 21.—Martial law has been proclaimed throughout Hungary, says a Budapest dispatch dated Wednesday.

WILSON HAS NOT THE POWER TO PROCLAIM PEACE

Executive Replies to Senator Fall's Questions

WASHINGTON, Aug. 21.—President Wilson has not the power to declare peace by proclamation nor could he consent in any circumstance to take such a course prior to the ratification of a formal treaty of peace by the senate. The president so wrote Senator Fall today in answer to one of the 20 written questions the senator presented at the white house conference Tuesday.

Test of Wilson's Letter.

The president's letter follows: My Dear Senator Fall: You left yesterday in my hands certain written questions which I promised you I would answer. I am hastening to fulfill that promise.

I feel constrained to say in reply to your first question not only that in my judgment I have not the power by proclamation to declare that peace exists, but that I could in no circumstances consent to take such a course prior to the ratification of a formal treaty of peace. I feel it due to perfect frankness to say that it would in my opinion put a stain upon our national honor which we never could efface. If after ending our men to the battle field to fight the common cause, we should abandon our associates in the war in the settlement of the terms of peace and disassociate ourselves from all responsibility with regard to those terms. I respectfully suggest that, having said this, I have answered also your second, third and fourth questions, so far as I myself am concerned.

Answers Fifth Question.

Permit me to answer your fifth question by saying that the provisions of the treaty to which you refer operate merely to establish peace between the powers ratifying, and that it is questionable whether it can be said that the league of nations is in any true sense created by the association of only three of the allied and associated governments. In reply to your sixth question, I can only express the confident opinion that the immediate adoption of the treaty, along with the articles of the covenant of the league as written, would certainly within the near future reduce the cost of living in this country as elsewhere by restoring production and commerce to their normal strength and freedom.

For your convenience, I will number the remaining paragraphs of this letter as the questions to which they are intended to reply are numbered. Seven. I have had no official information as to whether Norway, Sweden, Denmark, Holland or Switzerland, will join the league. Eight. I answered your eighth question in reply to a question asked me at the conference the other day. This question, referred to licensing of exports to Germany.

Spain Still Has Charge

Nine. In February 1917, Spain was requested to take charge of American interests in Germany through her diplomatic and consular representatives and other arrangements has since been made. Ten. The committee to prepare plans for the organization of the league, for the establishment of the seat of the league, and for the proceedings of the first meeting of the assembly, has been appointed, but has not reported. Eleven. Article 118 of the peace treaty, part IV, which Germany renounces all her rights to territory formerly belonging to herself or to her allies was understood so far as special provision was not made in the treaty itself for its disposition constituting the principal allied and associated powers the authority by which such disposition should ultimately be determined. It conveys no title to those powers, but merely entrusts the disposition of the territory in question to their decision.

Vest Powers in Trusteeship.

Twelve. Germany's renunciation in favor of the principal allied and associated powers of her rights and titles to her overseas possessions is meant similarly to operate as vesting in those powers a trusteeship with respect to their final disposition and government. Thirteen. There has been a provisional agreement as to the disposition of these overseas possessions, whose confirmation and execution is dependent upon the approval of the league of nations, and the United States is a party to that provisional agreement. Fourteen. The only agreement between France and Great Britain

REPORTERS STRIKE ENDS

INDICATE THAT OMSK GOVERNMENT WEAKER

TOKIO, Sunday, Aug. 17.—(By the A. P.)—The all-Russian government at Omsk has transferred its gold reserve and archives eastward to Irkutsk, according to apparently reliable reports received here. Other information indicates that the Omsk government is growing weaker because of the advance of the bolsheviks and the desertion of Siberian troops. The Hoch Shimbun today published a dispatch from Peking that the Omsk government had fallen but added there was no confirmation. It is believed here that the Japanese army, if it becomes necessary will attempt to prevent an advance of the bolsheviks east of Irkutsk.

Put Compromise Proposal Aside Indefinitely

WASHINGTON, Aug. 21.—The compromise proposal to have the senate adopt peace treaty reservations, but keep them separate from the ratification was put aside indefinitely today after Democratic leaders had declined to assume responsibility for it and Republicans had given notice they could not accept it. Among the Republicans the development was interpreted as meaning that action never would be sought on the proposal in its present form, and Democratic leaders said they had no plans for bringing it to a vote.

A white house announcement and an executive session of the foreign relations committee brought to the surface two other issues of the treaty fight. President Wilson replying to a suggestion that he might put the country on a peace basis by declaring the war at an end announced he not only considered himself powerless to take such a step, but considered a peace declaration either by himself or congress prior to ratification of the treaty would put a stain on our national honor, by evading responsibility in the world peace settlement. The foreign relations committee over prompt committee action on the treaty which ended by a decision to continue its hearings to receive the cases of the Irish, Greek, Egyptian, Lithuanian, Ukrainian, Estonian and Lettish races. In every Democratic quarter, including the white house, it was indicated that the compromise proposal presented yesterday in a resolution by Senator Pittman, a Democrat of the committee, was not specifically sponsored by the president but it followed generally his suggestions on reservations to the committee Tuesday.

With the house agriculture committee's amendment for extension of the powers of the food control act before it, the house tonight was prepared to take action tomorrow on the amendment. The amendment, reported to the house today, includes retailers among those liable under the food control act and its amendment along with the control exercised over sugar officials believe will do much to curtail profiteering by retailers. "Our desire is to secure a fair price for the consumer," said Attorney General Palmer in announcing resumption of sugar control, "and we do not wish to pursue a wholesale policy of recommending the cancellation of licenses. Where trade adjusts itself to a fair price for the future past transactions will no, ordinarily be made the basis of a recommendation for the cancellation of the license."

TROOPS PRESERVE ORDERED AT HAMMOND

HAMMOND, Ind., Aug. 21.—Ten companies of Indiana state troops rushed here today by Governor Goodrich prevented further outbreaks by the two thousand striking employees of the Standard Steel Car Company. When the soldiers arrived in command of Adjutant General H. B. Smith, the city was quiet. Company officials announced today that the plant was operating on a small scale and they would continue to employ men as fast as they were available. It was said that fifty non-union men were employed today.

CHANGE INSIGNIA OF NAVAL AVIATORS

WASHINGTON, Aug. 21.—Changes in the devices to be worn by naval aviators were announced at the navy department today. Hereafter the gold pin with double wings will be worn by qualified fliers on summer white uniforms and the same insignia will be embroidered on the winter blouse. Student aviators will wear a similar pin with but one wing as will regular members of seaplane flight crews except that in the case of the latter the material will be silver.

FEDERAL SUGAR PRICE CONTROL AGAIN IN FORCE

Sugar Should Reach Consumer at Approximately 11c

WASHINGTON, Aug. 21.—Active control of sugar prices was resumed today by the government thru an agreement reached between the department of justice and the food administration that licenses will be revoked by the latter when it is shown dealers have been profiteering.

Sugar should reach the consumer at approximately eleven cents a pound, it was announced, based on the ownership of the entire domestic and Cuban crop by the United States sugar equalization board, which is selling to refiners at 7.23 cents a pound. Refiners are under contract with the board to sell at 9c less two percent discount for cash, wholesalers and jobbers are allowed a maximum of 68c per hundred pounds for handling and retailers are permitted a profit of one cent and one half cents per pound making a fair price of 11 cents, except in cases where dealers have purchased at an "unreasonable" price due to misunderstanding in the trade in which case a reasonable advance of the actual cost will be permitted.

To Act on Amendment.

With the house agriculture committee's amendment for extension of the powers of the food control act before it, the house tonight was prepared to take action tomorrow on the amendment. The amendment, reported to the house today, includes retailers among those liable under the food control act and its amendment along with the control exercised over sugar officials believe will do much to curtail profiteering by retailers. SALE OF ARMY SUBSISTENCE SUPPLIES NOW IN PROGRESS

WASHINGTON, Aug. 21.—The sale of army subsistence supplies now in progress will cover virtually the entire surplus, the war department announced today including enough to give two pounds of meat and one quarter pound of canned vegetables to every person in the United States. The amendment to the food control act as reported today would extend the act's provisions to include wearing apparel, containers of food, feed or fertilizer and fuel oil and a penalty of \$5,000 and two years imprisonment for profiteering.

NUMEROUS BILLS AND RESOLUTIONS DEALING WITH LIVING COST QUESTIONS WERE PRESENTED TODAY IN BOTH HOUSES OF CONGRESS.

TO PREVENT TEXT BOOK PROFITEERING

SPRINGFIELD, Ill., Aug. 21.—Francis G. Blair, state superintendent of public instruction, announced tonight that he would take steps to prevent profiteering in school text books. Superintendent Blair made public a warning issued to publishers and dealers growing out of reports that some of the publishers are endeavoring to advance prices for their publications billing them to dealers under lists which they have been unsuccessful in filing with the state education department. Such filing is compulsory under the law of 1917 which requires listing of school book prices for a period of five years, in the course of which increases are not permissible.

ATTORNEY GENERAL BRUNDAGE HAS BEEN ENLISTED IN THE FIGHT BY SUPERINTENDENT BLAIR, IT WAS STATED.

They accepted a temporary increase of 5 cents an hour with the understanding that if the situation warranted it a further increase would be granted them by Judge Evans of the U. S. district court in Chicago.

GREEKS AND TURKS ARE AROUSED

Athens, Tuesday, Aug. 21.—(By the A. P.)—Greeks and Turks who form the majority of the populations in the district of Pedagatch, according to trustworthy information received here, are aroused over reports that the American peace delegates in Paris are favorable to continuance of Bulgarian rule in the district.

SHOOT NEGRO TO DEATH

Louisburg, N. C., Aug. 21.—Walter Elliott, a negro, who is alleged to have assaulted a farmer's wife, was shot to death last night by a mob which later carried the body to the scene of the crime and swung it to a tree in a country church yard. The mob took the negro from Sheriff Kerney, two miles from here, while on his way to jail.

Men President Pardoned Made Good Soldiers

WASHINGTON, Aug. 21.—One of the two American soldiers sentenced to death for sleeping on outpost duty in France and subsequently pardoned by President Wilson, was killed in the great Aisne offensive in July, 1918, and the other was twice wounded and finally honorably discharged. This was disclosed today by an exchange of correspondence between Secretary Baker and President Wilson.

Private Forest D. Sebastian of Eldorado, Ill., 20 years old, was killed in the Aisne battle. Private Jeff Cook, of Lutie, Okla., aged 19, was wounded in the same battle, but recovered to again fight gallantly in the Argonne offensive, where he received his second wound.

In writing the president of the gallant conduct of the boys after the president had pardoned them Secretary Baker said: "You will recall that early in 1918 four death sentences were presented to you from France; two for disobedience of orders you remitted to terms of imprisonment and two young boys, Sebastian and Cook, who were convicted of sleeping on outpost duty, you fully pardoned."

"I will interest you to know that when restoration to duty, both made good soldiers. Sebastian died in battle in the Aisne offensive in July, 1918. Cook was wounded in that battle and returned to health in time to fight in the Meuse-Argonne battle, when he again fought gallantly and was the second time wounded. He has been now restored to health thru medical attention and has been honorably discharged from the service."

President Wilson in acknowledging the secretary's letter wrote:

"Thank you for your thoughtfulness in telling me about the records made by Sebastian and Cook, the two youngsters who were pardoned for sleeping on outpost duty. It is very delightful to know that they redeemed themselves so thoroughly, and it was very thoughtful of you to give me the pleasure of learning about it."

HAMMILL TAKES AIL.

BLAME FOR ROBBERY

AURORA, Ill., Aug. 21.—Arthur Hammill of Chicago, leader of the five bandits who robbed the Downers Grove First National Bank July 3, getting \$22,000, pleaded guilty today while on trial at Wheaton. He also testified that David Gibson and James Johnston, also from Chicago, who are being tried with him, are not guilty. They were not with him, Hammill had no attorney. Garfield Salomon of Chicago, a companion of Hammill in the Downers Grove robbery, pleaded guilty Friday. State's Attorney Charles Hadley says the cases against Gibson and Johnston will not be dismissed.

VOTE TO CALL OFF ELECTRIC RAIL STRIKE

AURORA, Ill., Aug. 21.—The Aurora, Elgin and Chicago Electric railroad strike which has tied up Fox river valley transportation for three weeks and deprived a number of cities of light which were dependent upon the traction company for current, was called off just before noon today by a unanimous vote of the 600 employees.

They accepted a temporary increase of 5 cents an hour with the understanding that if the situation warranted it a further increase would be granted them by Judge Evans of the U. S. district court in Chicago.

DEDICATE NEW NAVY DRYDOCK AT HONOLULU

Wife of Naval Secretary Presses Button That Floods Dock

HONOLULU, T. H., Aug. 21.—With Mrs. Josephus Daniels, wife of the secretary of the navy, pressing the button that flooded the structure, the great Pearl drydock was dedicated by Secretary Daniels today.

Largest in the World. The United States naval drydock at the Pearl Harbor base is one of the largest in the world. It is 1,001 feet long and has an inside width of 138 feet and inside depth of 32½ feet. It will accommodate any ship afloat and represents an investment of more than \$5,000,000.

The dock and naval base have a setting in what is considered one of the finest natural and most beautiful harbors in the world. Entirely landlocked in a rim of hills, Pearl Harbor could anchor out of view from the open sea.

MR. HINES WILL SETTLE IT.

August 24 is said to be the day by which Director Hines of the railroad administration must take some action to bring about increased wages for shopmen or a country wide strike is promised. While the managers of some industries are storing coal and making other preparations for a long

shut down, it is very likely that the railroad administration will avoid the difficulty by speedily granting the request of the men. That has been the policy pursued ever since the government has been in control of the roads.

AN EXAMPLE OF EFFICIENCY.

A very fine word but one of the most overworked in the English language these days is "efficiency." A few years ago "streamlined" was one of the most popular words and that popularity originated from the late Col. Roosevelt's usage of the word. Just who started the vigorous use of the word "efficiency" is not a matter of record, but it creeps in everywhere and sometimes means one thing, sometimes another.

For example, the newspaper reports say that Mr. Haverly, absconding secretary of the grand lodge of the Knights of Pythias, installed an efficiency method of bookkeeping a few months ago when he was appointed secretary to take the place of Mr. Caldwell, who had just held the office for more than forty years.

And, after all, it must have been an "efficient" method which enabled Mr. Haverly to get away with \$60,000 of the lodge funds before his wrongdoing was discovered. Nobody has a copyright on efficiency.

WHAT HISTORY TEACHES.

The telephone was "born" from the brain of an American but 44 years ago, the first instrument being a sort of crude harmonica with a clock-spring reed, a magnet and a wire.

The first time "it talked" was on March 10, 1876, capitalists laughed at it and refused for several years to finance the "scientific toy"; the period of experiment did not end until 1886 and the country's great wire system has really existed only since 1896. In these few intervening years,

wizard inventors and thrifty investors, despite great odds, have given America a telephone system embracing approximately 35,000,000 miles of wire and placed 15,000,000 telephones in homes and business houses, permitting about fifteen billions of calls last year, and linking the nation into one great inseparable unit.

Expansion and development, retarded by the war, has only started and must now go forward with doubled speed, despite greatly increased cost of materials, labor and for money, and, in many instances, lack of sufficient revenues from rates, or the growth and efficiency of the industry will not keep pace with the nation's needs.

When you visit the Chautauqua grounds take a glance at Morgan lake and see how rapidly the water is being lowered there. If you have not been thankful before, you will be as you think of the excellent progress being made in the construction of the new reservoir and spillway.

MINE PRICES.

Under ordinary conditions the trouble that the coal miners are making in some of the smaller districts furnishes all that is necessary for sharp increases in the prices charged by the operators. This year no such impetus is necessary for the operators had already put the price considerably higher than the government limit for last year, probably as high as they dare until cold weather gives them new courage.

CITY FINANCE FIGURES SOON READY.

It is understood that the subcommittee from the general committee of citizens and council members will soon be ready with its financial report. It has not been the purpose to make an audit but rather a comparative statement, showing the amount of the city's indebtedness, the claims of the indebtedness and the facts about increase in expenses which has come in these recent years.

It is quite likely that this committee, after a study of the finances, will have some recommendations to make as to possible economies in city administration. Just what those economies can be is a question for certainly Jacksonville has not been enjoying many luxuries these recent years.

It is also true that it is different with cities than individuals and the spending of at least a reasonable amount of money in improvements is necessary if the city makes any progress.

Rippling Rhymes
By Walt Mason

STUNG

The grocer overcharged two cents last evening, in his tinhorn store; and he may raise some loud laments, but I shall go there nevertheless. Most any man may sting me once, but that one instance should suffice methinks I'd be a first class dunce to let the same man sting me twice. I'll pardon any man's mistakes, if there's no guile within his heart; but when he makes malicious breaks, I say, "Farewell! We twain must part! You classed me with the easy jays, you hung the boob sign on my brow; henceforth we go our divers ways, companions once, but strangers now." My trade the grocer soon will miss; I bought large quantities of prunes; and he, his bosom filled with bliss, raked in my hard earned picanines. The giant swindler may arrive, and sting me sore in my own hall, sell bogus stocks in blocks of five, and I admire him for his gall. The polished grafter may appear, with every smooth and modern curve and leave me broke, or pretty near, and I respect him for his nerve. I smile when highly gifted gents get all the coin I have to spare; but when I'm stung for seven cents I walk the floor and tear my hair.

Jacksonville Chautauqua Opens
Today for Series of 30 Programs

Things are rapidly assuming shape at the chautauqua grounds and all will be in readiness in good time today unless some very untoward incident takes place. In fact, Secretary Rice said they might have had a number last evening in the large tent had they so desired.

Scott Carter and his men are hard at work at the eating pavilion which will be in better shape than ever. The screens have been renewed and the kitchen, ice chest and other appliances will be in shape for business today.

The roads and driveways have been oiled and with the recent rains there will be no dust for a while at any rate.

The large tent is new with new guy ropes and everything in fine shape so that patrons needn't fear rain.

G. A. Sieber is wiring the smaller tents, toilets and various other places where artificial light is needed or desired.

The garbage cans are on the ground and will be emptied twice a day and campers are urgently desired to place all suitable refuse in them and not scatter melon rinds or any kind of such stuff anywhere about the grounds.

The lake bids fair to hold to its present capacity for several days at least. Supt. Cobb said the creek had been shut off by the last rain and he shut off the valve from the lake to the pumping works yesterday morning early.

Local Firms Make Display
The exhibitors' tent is 40 by 100 feet and located north of the main pavilion and in it many branches are represented. They are:

McCarthy-Gebert, cigar makers
McNamara & Heneghan, feed.

MORGAN COUNTY
FARM TOPICS

Louis Wahl, who is a well known farmer in the Woodson precinct, is feeding a large number of spring pigs, using a combination of wheat and oats for their rations. Mr. Wahl believes that with the present price of corn that the mixture of wheat and oats makes a cheaper feed. It is not an experiment with him as he has often in former years used the wheat and oat combination and the results have proved to his satisfaction that the combination makes a well balanced ration, and that the hogs grow rapidly and put on fat in a profitable way.

It cannot be said that Mr. Wahl thinks that under normal conditions wheat and oats are better than corn in producing fat, but he does believe that with corn worth \$2 and oats and wheat at present prices that it costs him something less to feed the small grain than it would if he were using corn exclusively.

His plan is to soak the oats and wheat in a barrel over night for the morning feeding and then in the morning he puts a like quantity to soak for the evening feeding. He has found that the results are better this way and that there is less liability of the grain swelling after it has been eaten and causing sickness among the hogs.

A. B. McKinney and his son this year are feeding about 200 head of hogs and this number is not larger than they usually have on their farm in the Lynville precinct at this season of the year. A few days ago 80 head of these spring pigs weighing around 100 pounds were turned into a 5 acre field of corn, as "hogging down" corn has often been tried with success on the McKinney farm. They have several small fields of corn and this is their ordinary method of harvesting the grain. While the 80 hogs are being made ready for market in this way 120 head are being fed corn from the crop of 1918. They are on full feed, making good gains and as there is also plenty of pasture available, Mr. McKinney is not using tankage.

It is his rule to use tankage only when the pasture is not good or has been exhausted.

Mullenix and Hamilton are getting their special structure into shape and will be ready for their part of the daily routine in good shape.

Supt. Hopper has added some appliances to the playground, a swing for little folks, and various things and put all in good shape so there will be plenty of amusement for the children on that popular part of the park.

"On all hands is the exclamation: 'The park never looked more beautiful and attractive and it will be a source of pride and gratification to the management.'"

There are ninety-three tents sold and being put up and there are about a dozen private tents. Secretary Rice said yesterday morning he had seven tents yet to dispose of but expected to have them taken during the day. In general the locations are quite satisfactory and all seems to be in good shape.

Both telephones have been installed in headquarters. A load of drinking water was expected yesterday afternoon in readiness for use today.

The seating arrangements in the large tent seem better this year than last and the natural

contour of the ground makes the conditions very satisfactory for all who want to see the stage.

A good part of the campers are already on the ground and but few tents will be empty this morning.

All about the grounds the best of harmony seems to exist between all interested, chautauqua management, park board, campers, eating house managers and all forces employed. Parking of cars along the drive south of the lake cannot be permitted and all are earnestly asked to mind this rule.

The following will be the program for today:

Morning.
11:00. Lecture—The Law of Health. W. Ernest Collins.

Afternoon.
2:15. Grand Concert. The Crawford Adams Company. Lecture. The Peace Conference. Mark Sullivan.

Evening.
7:45. Concert. The Crawford Adams Company. Illustrated Lecture—My Animal Pets. Cy DeVry.

Attractions Praised
The writer has recently returned from Bay View, Mich., where one of the largest and best chautauquas in the country is held. It has a five weeks' season in a fine permanent auditorium, and the best of talent to be obtained.

I am pleased to see that a number of the best ones are to be seen in Jacksonville—Mark Sullivan, Bostonia Sextette, Chicago Operatic Co., Elmer C. Adams, Stanley Krebs, Charles C. Gorst, Alice Louise Schrode.

Elmer Crawford Adams was a nephew and pupil of Prof. Walter B. Sta'ford who was teacher of violin and leader of orchestra for some years at Illinois Woman's College.

will prove very popular. No one who enjoys an afternoon and evening of snappy music, wit, fun and an unusual and exceptionally fine movie film should miss it.

This morning, at 9:30, Mr. Collins, assisted by Lieut. Scott, will organize the boys and girls for their own junior chautauqua, which will include mass play, athletics, competitive stunts and other events which the young folks will enjoy. Children interested are urged to go to the grounds promptly and get into the game.

At 11 o'clock the platform manager will lecture on the "Law of Health." This will be the first of the morning series of "Good American" lectures and will appeal to adults as well as youths. At 2:15 p. m. the formal program will open with a grand concert by the Crawford Adams Company. The management had a letter yesterday from Mrs. Houston who was here last year and will lecture next week and who hears all the chautauqua talent in which she says "The Crawford Adams Company is fine. You cannot boast it too much." Following the concert Mark Sullivan, who has made the one big hit on the eastern circuits this year, will speak on the Peace Conference. As editor of Collier's Weekly Mr. Sullivan has made several trips to Europe. He is a pleasing of his address will answer questions.

The evening program will open with another concert by the Crawford Adams Company and then Cy DeVry of the Lincoln Park, Chicago Zoo, will tell of his animal friends and show them in a film made expressly for him.

Several chautauquas are in session in our vicinity. Several companies and speakers have been around town this week while waiting for trains. Chautauquas everywhere have been having record breaking attendance and the talent is well pleased. Those who have examined our program almost invariably ask "How do you do it for the price you charge for tickets?"

Mr. J. H. Shaw, who assisted in organizing our Chautauqua, was in town yesterday between trains. He supplied the Philharmonic Orchestra and the Madame Van Loon Company which appears on our program next week and says both have been giving great satisfaction.

Both telephones have been placed in the secretary's tent on the grounds. The Bell is number 270 and the Illinois is 328.

WILSON HAS NOT POWER TO PROCLAIM PEACE

(Continued from Page One.)

with regard to African territory of which I am cognizant concerns the redistribution of rights already possessed by those countries on that continent. The provisional agreement referred to in the preceding paragraph covers all the German overseas possessions in Africa as well as elsewhere.

Fifteen. No mention was made in connection with the settlement of the Saar basin of the service of an American member of the commission of five to be set up there.

Sixteen. It was deemed wise that the United States should be represented by one member of the commission for settling the new frontier lines of Belgium and Germany, because of the universal opinion that America's representative would add to the commission a useful element of entirely disinterested judgment.

To Be Under Care of League. Seventeen. The choice of the commission for the Saar basin was left to the council of the League of Nations, because the Saar basin is for 15 years to be directly under the care and direction of the League of Nations.

Eighteen. Article 87 does in effect provide that five of the members of the commission of seven to fix the boundaries between Poland and Czechoslovakia should be nominated by certain countries because there are five principal allied and associated powers, and the nomination of five representatives by those powers necessarily means the nomination of one representative by each of those powers.

Nineteen. No such commission has yet been appointed. (The commission referred to is that for the fixing of the Polish boundaries.)

Twenty. It was deemed wise that the United States should have a representative on the commission set up to exercise authority over the plebiscite of Upper Silesia, for the same reason that I have given with regard to the commission for settling the frontier line of Belgium and Germany.

Sincerely yours,
Woodrow Wilson.

TINY SWIMMER DOES STUNTS AT LAKE

Eight Year Old Girl is Expert Diver—Visiting Here from Kansas City.

Little Miss Jean Anderson of Kansas City, who is the guest of her grandparents, Mr. and Mrs. Albert Duckett of Sandusky street, is an expert swimmer and has delighted observers at the Nichols park swimming beach with a sight of her stunts. Miss Jean has been a pupil of the swimming school at the Y. W. C. A. for three years, since she was 5 years old, and has become very efficient.

At the K. C. Field club, where her parents are members she dives from a 12 foot board, and executes such difficult dives as the swan, rock, knife, rocking chair and the lay-out. She swims on her back or uses a perfect side stroke, an English side stroke, and many other feats in the water. Many grown-ups watch this little water witch with envy, and wish they could do half as well as the little 8 year old girl.

Matrimonial

Adams-Grissold.

The marriage of Miss Bessie F. Grissold of Lintner and Robert E. Adams of LaPlace was solemnized at 2:30 o'clock Thursday afternoon, Rev. F. B. Madden officiating. The ceremony was performed at the Madden home on West College avenue, and was witnessed by Mr. and Mrs. Clarence Roberts. Immediately after the ceremony the young couple left the city for LaPlace, where they will reside.

Smith-Halloway.

Otis B. Smith and Miss Mary E. Halloway were married Thursday morning at ten o'clock at the home of Rev. W. R. Johnson, 123 City Place, formerly pastor of a church at Winchester. The groom is the son of Mr. and Mrs. Bob Smith of Winchester and is a farmer by occupation. The bride is the daughter of Mr. and Mrs. Ora Halloway living northwest of Winchester. Both of these young people have many friends who will wish them a happy married life. They were by auto to Springfield several days visit and will then be at home to their friends at Winchester at the home of the groom's parents.

Zachary-Hoover.

Harold Lawrence Zachary and Miss Margaret Irene Hoover were united in marriage Sunday afternoon at 5 o'clock by Rev. Father J. A. Bell at his home in Winchester. After the ceremony the young people went to the home of the bride's parents, Mr. and Mrs. Samuel Hoover, where a dinner was served.

The bride wore a charming gown of white satin trimmed with pearl beads. She is the younger daughter of Mr. and Mrs. Samuel Hoover, well known residents of Winchester, and is a young woman of many charming characteristics. Mrs. Zachary was educated in the public schools of Winchester and later attended Concord and the Chapin teams was won by the latter. The Jacksonville Candy company furnished the refreshments at the stand. Messrs. Cundiff and Perry made the burgoo which was exhausted long before the close of the day, which proved its excellence.

Among those from a distance attending were: Mr. and Mrs. Frank Hurrell of Taylorville, Ill.; Mr. and Mrs. Bruce Briggs and children from Stonington, Ill.; Mrs. E. T. Samples from Pisgah and Mr. and Mrs. Wallace Holscher of Jacksonville.

With the Sick

Wiley Potter of Tallula, who was so badly injured in the accident near Tallula Wednesday night was reported as holding his own at Passavant hospital yesterday. He was very restless all day but his general condition was good considering the terrible shock and the nature of his injuries. Both legs were cut off just below the knee and he suffered a severe scalp wound. He is said to have a chance for recovery. Miss Alma Reed of Tallula is suffering quite a little from shock. Miss Lorena Reed, also at the hospital, is not so badly injured and is improving satisfactorily. Mrs. Ernest Aguin and Mrs. Wiley Potter both sustained painful injuries and will be patients at Passavant for several days.

Carl Killian of Blairsville, Ark., who was injured in the accident near Bluffs Wednesday night is reported as resting as well as could be expected at Our Savior's hospital yesterday.

Mrs. Alice Tash of Naples, who is also a patient at Our Savior's hospital as a result of the Bluffs accident, is improving in a satisfactory manner, she still suffering from shock and from her arm which was painfully hurt.

Social Events

Brockhouse Picnic.

At the W.-C. Brockhouse grove north of Chapin, Wednesday, Aug. 20, was held the twelfth annual picnic of the Brockhouse family.

This worthy family is of German origin. The first one to come to the United States was Henry Brockhouse in about 1838. He persuaded his parents, his four brothers, Bernard, Dierick, Gerhard and John, and his sister, afterward Mrs. Russwinkel, who came in 1842. All these settled in Morgan and Scott counties.

In 1907 the first picnic was held in H. A. Brockhouse's grove east of Meredosia, as was also the second in 1908. Since then the family gatherings have been held at the W. C. Brockhouse grove, being more nearly central. However, because the various families having sons either overseas or in camps preparing to go over, it was deemed best to omit the annual gathering of the families, so none was held in 1918.

This year a light rain just after noon lasting until nearly three o'clock prevented all but a few hundred of the family and their friends from gathering. This sower interfered somewhat with the carrying out of the program which was as follows:

Piano—Mrs. H. G. Weeks.
Reading of minutes of 1917 meeting.

Vocal Solo, "Sunshine of Your Smiles"; encore, "Mickey"—Miss Olga Long.

Reading, "When the Frost is on the Pumpkin"—C. E. Rice.

Solo—"Lullaby" by Bond—Dorothy Reckamp.

Piano Duet—Mrs. Giger and Mrs. Carls.

Vocal Duet—Miss Olga Long and Mrs. Giger.

Address—Rev. W. E. Spooner, on Overseas Work of the Y. M. C. A.

During the program Secretary Rice read the names of the officers for the following year, who are:

President—Albert Bartelheim.
Vice President—August Brockhouse.

Secretary—Esther Nienhiser.
Treasurer—H. H. Schumacher.

Committee heads were also announced for the year 1920. The sum accrued from the former picnics was turned over to the Red Cross, the Chapin and the Concord chapters each receiving \$42.50.

Those who saw service overseas are: Fred Nergenah, Paul Brockhouse, Russel Brockhouse, Albert Knoepfel and John Valley. Russel Brockhouse is still in Europe, and John Valley died in France. It may be said that all of this family who were subject to service took their places like men and did not seek in any manner to sidestep a patriot's duty.

During the afternoon Mrs. Rice took the enrollment and found one hundred and seventy of the family on the grounds.

Mr. Spooner was listened to with the closest interest, even though a light rain was falling throughout his address. His remarks interested the entire audience especially that part relating to the getting of writing paper and jam to the boys in the front lines.

While the rain interfered with the attendance, all who were there enjoyed themselves to the fullest. The ball game between the Concord and the Chapin teams was won by the latter. The Jacksonville Candy company furnished the refreshments at the stand. Messrs. Cundiff and Perry made the burgoo which was exhausted long before the close of the day, which proved its excellence.

Among those from a distance attending were: Mr. and Mrs. Frank Hurrell of Taylorville, Ill.; Mr. and Mrs. Bruce Briggs and children from Stonington, Ill.; Mrs. E. T. Samples from Pisgah and Mr. and Mrs. Wallace Holscher of Jacksonville.

DEATHS

Sullens.

James Wesley Sullens of Bluffs died at Our Savior's hospital Thursday about noon. He was brought to Jacksonville from his home in Bluffs late Wednesday night for an operation. Mr. Sullens was 63 years of age. The body was taken to the undertaking parlor of Williamson and Co. on East State street and prepared for burial. Later the remains were shipped to the home in Bluffs.

Deceased was a resident of Bluffs most of his life, being a farmer by occupation. Of late years he has resided on the Huffer farm east of Bluffs. He is survived by the widow, one daughter, Mrs. Lula Whipple of Decatur and one son, now in France.

No arrangements have been announced for the burial.

SAYS ARCHDUKE MUST BE DISPLACED

PARIS, Aug. 21.—(By The Associated Press.)—Herbert Hoover, head of the international relief organization who has just returned from a two week's trip thru Central Europe told American correspondents today that it is imperative that decisive diplomatic action be taken immediately to displace Archduke Joseph as head of the Hungarian government and to give Hungary a chance to establish a popular government. The new countries of Central Europe, Mr. Hoover said, are terrorized by the tolerance shown toward the setting up of the Hapsburg government in Hungary.

Mr. Hoover appeared today before the supreme council.

Mr. Hoover said Archduke Joseph's resignation can be forced within five days if the supreme council takes a firm stand, but

NORTHMINSTER CHURCH PEOPLE HOLD PICNIC

Event at First Ward Playground Last Night in Observance of 73rd Anniversary of Departure of Exiles from Island of Maderia.

The first ward playground was the scene of mirth, good cheer and sociability last evening when the good people of Northminster church and congregation held their annual picnic and celebra-

tion at that place. It was a twilight and after supper affair and was a superb success in every way. The occasion was the seventy-third anniversary of the time when the exiles left the Island of Maderia for a land in which they might worship God according to the dictates of their consciences and could the noble men and women who risked all and went forth from home and native land to a land of strangers and strange speech see what has been accomplished they surely would not feel that they had lived, suffered and wrought in vain.

Rev Spoons Speaks
The affair last night was in the nature of a picnic or lawn soiree and there was a large throng present and all were bent on having a pleasant time. Refreshment tables were supplied in abundance and liberally patronized by a happy throng and the waiters could hardly serve the customers fast enough. In the early part of the evening the pastor, Dr. W. E. Spoons, spoke briefly, saying, in part:

"This is the annual celebration of the day, seventy-three years ago, when the exiles left Maderia for a land strange to them and next May will witness the diamond jubilee of the founding of Northminster church on the Island of Maderia and surely you should all be happy for having such noble ancestors. The first time I ever knew of any Portuguese being in this country was eight years ago when I was talking with an old man on a train to Petersburg. He said he well remembered in 1849 the first exiles landed here. He said all a man wanted of them was their word without note or bond, for their promise was sure and he was sorry to add that the same could not be said of all the younger generation as some of them had become Americanized."

Urges Unity of Purpose
"What a noble history those old people had and how proud and thankful you of the younger generation should be that you

Pointed Paragraphs

It is believed the Chicago grand jury will find that there were recent race riots in that city.

The senate is changing the famous slogan, "He kept us out of war," to "He keeps us in the dark."

Some people are beginning to inquire what has become of Billy Sunday. Better leave well enough alone.

Wonder if any of those returned soldiers will urge their wives to buy some of those government food supplies.

Champ Clark probably is right when he says the Republican party is the reason for the high cost of living. The Democratic party has a perfect alibi. The Democrats were winning the war, and of course had no time to fool with the cost of living.

His Opinion.
"Just now the old home papers are carrying in each issue quite a number of sarcastic paragraphs designed to drive the readers to buying Chautauqua tickets," commented old Dorsey Dudgeon. "It is a mystery to me why it should be thought a noble work to keep pestering other people to do something they prefer not to do. If a man feels that he would rather stay at home and go to bed early instead of to the chautauqua or doesn't think the program is worth the price, or prefers to read his book to being entertained by queer looking persons who seem to be vegetarians, uplifted by saints who need the money or edified by genuine Swiss Bell Ringers from Posey county, Indiana, why in thunder shouldn't he be left alone to go his disgraceful way in peace? The trouble with people who feel that they stand on a higher plane than that occupied by the rest of us is that they are never comfortable unless they are making somebody else uncomfortable. My benighted notion is that anything that he has to be begged for, bullied for, or whimpored for, isn't worth bothering about."

Result of the Contests.
The results of the various contests held during the evening were as follows:

Women's nail driving contest won by Mrs. Henry DeFrates.

Girls' nail driving contest won by Miss Emily Menezes.

Shortest man—Gilbert Baptist.

Man with biggest feet—Sanders Baptist.

Tallest man—Rev. W. E. Spoons.

The married men won the tug of war from the single men.

ISSUE INVITATIONS FOR MARRIAGE OF DAUGHTER

Mr. and Mrs. George S. Rogerson have issued invitations for the marriage of their daughter, Miss Agnes Rogerson, to Eugene B. Harlow, of Kingman, Kansas. The ceremony will be Wednesday, Sept. 3, 8:30 p. m., at the residence, 327 Lockwood Place. They will be at home in Kingman, Kans., after Oct. 15.

John Carl and Miss Florence Anderson were united in marriage at 4 o'clock Thursday afternoon by Dr. F. M. Rule at his home, 335 West State street.

The marriage of Mr. Carl will no doubt come as a surprise to his many friends, for it has been a matter of common knowledge that he and Miss Anderson were to marry it was not expected that the wedding would be as such an early date.

Mr. Carl is a native of Greece and came to Jacksonville a number of years ago. He opened a hat shop and shoe shining parlor in the Park hotel building and has been most successful in his work. He has made many friends and has built up a large trade.

When the war started Mr. Carl entered the service of his adopted country and served for a number of months in France. His army record is one of which he may well be proud.

His bride is the daughter of Mrs. C. A. McHatten of South Main street and has made her home with her sister for a number of years. She has for some time been employed in the Princess Candy company's establishment where she held the high regard of her employers. She is a young woman of much personal charm and is highly regarded by a large circle of friends.

Mr. and Mrs. Carl will make their home in this city and will have the best wishes of their many friends for a long and happy married life.

Try Climalene in the bath, kitchen and laundry. Once tried always used.

J. W. ARNOLD TOPPED THE CHICAGO MARKET

J. W. Arnold topped the hog market twice this week with Alexander, Conover & Martin in Chicago. Seventy-two hogs weighing 215 pounds, sold at \$21 and 66 hogs averaging 226 pounds also brought the \$21 price. This livestock firm refers to conditions as unsettled and the outlook uncertain, and advises farmers to market their hogs as fast as they are ready.

The Price Jewelry Store, on East State street, is undergoing a thorough renovating and when finished will be one of the most attractive in the city. Mallen & Son has the contract for the decorating.

Have you received a sample of Climalene? Have you tried it?

J. B. Maury has just returned from a visit at Moores Hill, Ohio. He spent two weeks there very pleasantly at the home of his daughter, Mrs. Bessie Clinton.

STATE FEDERATION CLOSES SESSIONS

Colored Women's Clubs of Illinois and Jacksonville Meeting.

Yesterday witnessed the last public session of the State Federation of Colored Women's clubs of Illinois and right here let it be said in honest praise of the good ladies present that they have conducted themselves while in our city in a manner deserving great praise. Their sessions have been business like and according to parliamentary rules and all has been done in a manner which would reflect credit on any kind of a gathering. Mrs. Jamison is an admirable presiding officer and all the ladies having any duties to perform have acquitted themselves in a highly creditable manner.

When the writer looks back 55 years and recalls the day when hardly a colored person in the town, aside from ministers, could read; when his mother, sister and self went down to the church and for two winters taught night school to pupils whose best days had been given to southern owners and then looked over the fine gathering in the Mt. Emory church he was able to feel that God had wrought great things while immense things are yet awaiting attention.

Morning Session.
Devotional exercises were led by Mrs. Mays of Champaign and then came reports of various branches.

A report on racial history was read by Mrs. Maggie Jones of Springfield; the press by Mrs. Ida Muse of Jacksonville; temperance by Mrs. Mary Brown of Monmouth; health and hygiene by Mrs. A. L. Anderson of DuQuoin; sustenance by Mrs. Julia Gibson of Peoria, who announced \$76.30 had been raised.

Then followed election of officers: President—Mrs. Lillian Jameson, Peoria.

First vice president—Mrs. Fannie Turner, Chicago.

Second vice president—Mrs. Annie Davidson, Lovejoy.

Third vice president—Mrs. Margaret Wyche, Bloomington.

Fourth vice president—Mrs. Ollie Price, Springfield.

Fifth vice president—Mrs. Fannie Mason, Chicago.

Recording secretary—Mrs. Ethel Cleaves, Chicago.

Assistant secretary—Mrs. Minnie Roach, Chicago.

Corresponding secretary—Miss Elvie Stewart, Chicago.

Fraternity secretary—Miss Blanche Mallory, Jacksonville.

Treasurer—Mrs. Ada Davis, Galesburg.

Chairman executive board—Mrs. Sallie McDaniels, Jacksonville.

Vice chairman executive board—Mrs. Olive Davidson, Chicago.

State organizer—Mrs. A. L. Anderson, DuQuoin.

Chairman ways and means committee—Mrs. Luella King Taylor, Decatur.

Editor—Mrs. E. R. Green, Champaign.

Chaplain—Mrs. Amelia Taylor, Danville.

Stated clerk—Dr. Mary F. Waring, Chicago.

Historian—Mrs. E. L. Davis, Chicago.

Parliamentarian—Mrs. C. L. Hamilton, Mounds.

Afternoon Session.
Devotions were led by Mrs. Emily Wilson of Bloomington.

The report of the Monrovia mission fund, \$18.30 raised, was read by Mrs. Emily Wilson of Bloomington.

Courtesies committee, Mrs. Ella Stanford of Peoria, who announced 63 visitors thus far and very pleasant relations between the callers and members of the federation.

Miss Imogene Mackey favored the meeting with a violin solo so well rendered that an encore was demanded and given.

Mrs. Carrie Lee Hamilton of Mounds, on behalf of the auditing committee, reported expenses of the federation paid, \$122.58.

Evening Session.
Devotions were conducted by Chaplain Mrs. Emily Wax Wilson of Bloomington. Singing "I Am So Glad That Jesus Loves Me," prayer by Rev. Mr. Crockett, D. D.

Mrs. Irene Goin of Chicago, chairman of civics and organized labor said in part:

"I speak only for the thousands of colored girls whom the stern master, necessity, has driven into the industrial world and I voice their sentiments when I say that although we are discriminated against, receive the most menial and poorly paid positions, we know that right will eventually prevail. We unite as one with our sisters for the elevation and emancipation of American womanhood."

Miss Catherine Hayden sang most acceptably; a quartet consisting of Mrs. and Mrs. Luther Mackey, Roy Moss and Mrs. Florence sang admirably and Miss Ethel Stewart of Moline favored the federation with a well rendered vocal solo.

Mrs. S. L. Adams of Chicago also discussed the initiative and referendum, city ownership, of public utilities and full suffrage for women making a strong plea for what she regarded as a simple justice. Heretofore, idiots, imbeciles, felons and women have not been permitted to vote but a better day is dawning.

After a collection for the ways and means committee had been taken Carl Spencer sang very acceptably "Hold Thou My Hand," after which Miss Mary Waring of Chicago gave the report of the Red Cross work. The young lady spoke with ardor and earnestness. The boys at the front demanded and received our best attention; they risked and gave their lives that the cruel Hun might not triumph and now that the war is over a great work yet remains to be done. Our race has been cruelly handicapped and held down yet we may accomplish much if we will work to-

gether and do our best, respecting ourselves and giving every other person a square deal as we ask it for ourselves.

We cannot accomplish anything by folding our hands and brooding over our troubles but must be up and doing. Organization and efficiency must be our watchwords.

The ways and means committee reported \$121.78 raised for the federation purposes.

The Ideal Club of Chicago received first prize; the Big Sisters' club of Decatur, second and the Domestic Art club of Bloomington third.

Misses Irene Mallory and Frances McDaniel sang very beautifully "Whispering Hope," after which the officers selected were asked to arrange themselves on the platform and as they stood there they presented an imposing array. Mrs. J. C. McLain of Rock Island, past president, acted as installing officer performing her duties in an eloquent and impressive manner.

Try Climalene in the bath, kitchen and laundry; once used, always used. Ask your grocer.

EAST STATE STREET
PAVING STILL IN AIR

City Council and Property Owners Met Thursday Evening—After Two Hours Discussion Stopped Where They Started—Contractor Bretz Will Be Here Next Tuesday.

After two hours of discussion between the city council and property owners of East State street relative to the proposed paving of the street Thursday evening, they stopped just where they started.

The burning question seems to be, "Will Bretz build the pavement, or will he not build it?" It is almost as great a mystery as the Charles Ross kidnapping or who the man was that hit Billy Patterson.

When Mayor Crabtree called the meeting to order in the council chamber, there were present, Ald. Cain, Chapin, Ehling, Graff, McGinnis, Moore, Engineer Henderson, E. H. Gray, A. C. Metcalf, Dr. W. P. Duncan, Frank McKenna, John O'Donnell, Peter Bonasunga, F. J. Garland, and J. N. Kennedy. Later C. O. Peterson and Otto Spith came into the conference.

Mayor Crabtree Explains.

In calling the meeting to order Mayor Crabtree said that he had been trying to get in touch with J. E. Bretz, the contractor for the pavement for the past three weeks. He had chased him all one day in Springfield without result.

"Today," said the mayor, "I got him on the phone and he promised to come to Jacksonville next Tuesday. Had I known it in time I would have called off this meeting."

"Mr. Bretz told me that he could not do anything until the street car company got out of the way. However, he would not tell me definitely that he would fulfill his contract."

Mayor then read some extracts from a conversation he had had with City Attorney Bellatti.

Opinion of Mr. Bellatti.

In the opinion of Mr. Bellatti there is no way that Mr. Bretz can invalidate his contract. But the city attorney said he could not pave until the street car company gets its work done.

Speaking of the action that would follow in case Mr. Bretz refused to proceed with the work, Mr. Bellatti said:

"The procedure would be to advertise for bids under the same specifications, complete the work and then bring suit against the bondsmen of Mr. Bretz for the difference in cost."

However, it was the opinion of the attorney that this would give the property owners an unsatisfactory street. If the city council should bring proceedings for a new pavement of different materials and new specifications it would release Mr. Bretz from any responsibility.

Mr. Bellatti was of the opinion that to start over again with new materials would result in a great cost to the property owners. As to the contention of Mr. Bretz about the laying of gas mains, Mr. Bellatti said that had nothing to do with the contract as Mr. Bretz knew this would be done when he signed the contract.

Want Good Foundation.

A. C. Metcalf said that the property owners had begun to realize that the conference was getting them no place. Personally he was in favor of any pavement just so it had a good foundation.

Dr. Duncan said he had gone over the situation carefully. If the pavement was laid as planned he did not believe it would be adequate for the traffic. Dr. Duncan said that a good foundation was what he wanted and he did not care what the surface was. The speaker thought that the best plan would be to start all over again.

J. H. O'Donnell was of the opinion that the pavement that had been contracted for would prove satisfactory. He was for a

good pavement but was not particular about the kind.

J. N. Kennedy insisted that the pavement if laid according to plans and specifications would prove satisfactory. He was in favor of holding Bretz to his contract. Mr. Kennedy expressed the belief that the old pavement would give a better foundation than any concrete that could be put down.

Peter Bonasunga was in favor of paying Bretz for a concrete foundation. The speaker said that what the property owners wanted was a good pavement and he believed that it would be assured by a concrete foundation.

F. J. Garland was inclined to agree with Mr. Kennedy as to the old brick pavement being a better foundation that could be had by building a new concrete foundation.

Wants Bretz Off the Job.

Frank McKenna thought that the old pavement would make a good foundation. Mr. McKenna said if it was decided to build a new foundation "For God's sake, get Bretz off of the job."

E. H. Gray of the Railway and Light Company favored a concrete foundation. He thought the trouble with South Main street was that the tarvia did not penetrate thru the crushed rock to the foundation.

Ald. McGinnis, Graff and Moore were of the opinion that it would not be possible to get a good pavement unless a concrete foundation was laid.

Ald. Cain was of the opinion that tarvia was a good pavement if it had a good foundation. The alderman compared the South Clay avenue job with that of South Main street.

Ald. Ehling did not believe that good results could be obtained by laying a pavement on top of the old brick.

Ald. Chapin Advises Caution.

Ald. Chapin said that Mr. Campbell, representing the tarvia company, had told the council that it would not be advisable to lay a tarvia pavement on top of the old brick in East State street.

The alderman was of the opinion that it would not be wise for the council to recommend a pavement that the man who sold the material would not advocate.

C. O. Peterson thought that the life of any pavement depended on a good foundation. He thought that was the first thing and he was not particular about the surface.

Want to Please Property Owners.

Mayor Crabtree said that the property owners had been brought into conference for the purpose of giving advice to the council. The council wanted to carry out the wishes of the property owners. He did not believe it wise to do anything until Mr. Bretz came next Tuesday. He suggested that the council and all of the property owners meet with him and try to arrive at some solution of the problem.

There was much general discussion of the question which did not get anywhere. At the suggestion of Ald. Graff, Engineer Henderson was instructed to make an estimate of the yardage of concrete on the job in case the property owners wished to take up with Mr. Bretz the question of putting in a new foundation.

E. H. Gray asked the council what he should do about going ahead with the paving of the street car tracks. Mr. Gray said his material was arriving and he would like to get something done. However, he did not want to have the track used for a speedway as was done on South Main street last winter.

Mayor Crabtree finally adjourned the meeting after much discussion had been had as to contracts and the public improvement law. The mayor asked all property owners present and all others on the street who are interested to arrange to meet the council and Mr. Bretz next Tuesday.

Scraps of News

NO MORE COMPLAINTS.

Tuesday was the last day for filing complaints of high taxes with the board of review. From now on the board will be busy passing on the complaints that have been filed, and doing the necessary book work.

GRAPES HIGH.

Home grown Concord grapes at 25 cents for a very small basket holding about twenty-four ounces do not excite much interest in the usually popular fruit. The housewife who has been accustomed to buying grapes for jelly or juice at from three to six cents a pound has no interest in them at this time, especially with sugar at 11 cents and hard to get at that.

EXCESS PROFITS.

One land owner in an adjacent county had the shock of his life recently. He bought 200 acres of land in 1913 and within the last few weeks he sold it at a handsome profit. Indeed the profit was more than handsome, it was remarkable, but when Uncle Sam came along with a bill for \$50 an acre, \$10,000 as an excess profits tax, the land seller who had forgotten about that tax when he made his price, and, while he was in his mind's eye spending the money, suffered a financial shake-up, from which he is with difficulty recovering.

NO BID ON LOCAL WORK.

Bids for the construction of only one section of state aid roads in seven counties were submitted, it was found when the bids were opened yesterday in the office of the department of public works and buildings. The section is Section E, Rout 5, Macon county, to be constructed of oiled earth for a distance of 38,000 feet out from Decatur. The lowest bid for the work was from Stewart & Fluers, Orleans, Ill., and was for \$26,473, which is \$4,300 lower than the estimate of the engineer of the department of public works and buildings.

One of the lines for which no bids were received and which will be readvertised by the department is Section D, Route 1, Morgan county, to be built of concrete for a distance of 3,259 feet out from Jacksonville.

LOST HER POCKETBOOK.

Miss Geneva V. Collins of Pleasant Hill was a shopper in Jacksonville yesterday and returned home last evening with a very poor estimate of some of the residents here. Miss Collins was waiting for her train at the Alton passenger station yesterday afternoon when she was called to the long distance telephone booth in the station. She went to the phone, leaving her purse on the seat where she had been sitting. When she was thru talking over the long distance wire her pocketbook had disappeared, together with her ticket and all money. Ticket Agent Capps accommodated her in the matter of cashing a check so that she could return home.

BOTH VIOLATE LAWS.

In talking of the accident which occurred Wednesday night at Tallula a local railroad man stated yesterday that both parties to the collision were violating regulations. It is the rule that when a freight train is switching with a box car in front of the engine that a brakeman shall be on the front or the side of the front car with a lantern. The section men who were struck were violating orders in that they were using the motor speedster without a light and further were not on company business.

AUTOMOBILES COLLIDE
THURSDAY EVENING

Smashup on Corner of College and Prairie Streets—No One Injured.

Last evening about eight o'clock touring cars owned and driven by Isaac Moxon of West College avenue and Anton Bergschneider of Pisgah collided near the corner of West College street and South Prairie street with disastrous results to the Bergschneider car. Mr. Moxon was driving west on College street and had just made the turn north on Prairie when he met the car of Mr. Bergschneider's coming south. The front wheel on the left hand side of the Bergschneider vehicle was smashed completely and the fender badly bent. The front fender of the Moxon car was also bent.

GEORGE JANSBERG IS HELD TO GRAND JURY

Man Charged with Non Support of Wife and Children Held in Bond of \$2,000.

In Justice Opperman's court Thursday morning, Justice Bayha sitting for Justice Opperman who was kept from court by an accident, held George Jansberg charged with non-support in bond in the sum of \$2,000 to await the action of the grand jury.

The case was called at 10 o'clock and Justice Opperman asked Justice Bayha to sit in the hearing. After hearing the evidence Justice Bayha said he could do no less than hold Jansberg.

Justice Bayha was impressed with the pitiful aspects of the case. Three of the children have been in the Home for the Friendless the past few weeks. The little ones showed the lack of care and apparently the right kind of food. After the case was taken up by State's Attorney Robinson the children were brought to Jacksonville.

Justice Bayha said the evidence showed that Jansberg was earning a salary of \$40 per week while working for J. Capps & Sons. The court was of the opinion that a man making that wage should provide well for his wife and children.

W. N. Haigrove is attorney for Jansberg. He was out of the city Thursday and it is not known what action will be taken Jansberg had not given bond at a late hour Thursday afternoon.

RUSSELL PINKERTON RETURNS

Among the welcomed soldiers from across the sea is Russell Pinkerton, recently back from sunny France. The young gentleman was a musician in the 7th division and his fine ability enabled him to furnish many happy hours for wounded and invalid soldiers as well as for men who were sound. He did also much theatrical work and in many ways put in twelve months in a very useful manner. He is looking very well and is gladly welcomed home by family friends.

LINEMAN RECEIVES INJURY TO LEG

While splicing a pole in the rear of the city hall Thursday, Harry Davis, head linemen of the light plant, suffered a painful injury to his left leg, when the pole rolled off of the supports striking the leg just above the ankle. He was attended by Dr. A. M. King. No bones were broken but Mr. Davis will be kept from his work for several days.

PLANS FOR CLOVERLEAF CONVENTION AND OUTING

Officers of Clover Leaf Company Have Completed Plans for Annual Meeting and Outing—One Day at Home Office, Four Days at Quiver Beach.

R. Y. Rowe, secretary of the Clover Leaf Life & Casualty company, announced yesterday that plans had been completed for the annual convention and outing of the general agents of the company.

The convention will be held at the home office August 28. The business session will be followed by an automobile ride about the city. Friday morning the party will leave for Quiver Beach for a four days outing.

The business meeting will be called at the home office at 10 o'clock Thursday morning, August 28. The address of welcome will be given by an officer of the company.

This will be followed by a meeting of the \$10,000 "In Clover Club," men qualifying who have written \$10,000 in annual premiums in the farm department. O. H. Wilder, retiring president of the club will turn the meeting over to the incoming president, C. E. Hamilton of Bloomington. Mr. Hamilton has made the largest record of production in this department.

The program of the day will include talks by various leading producers on the following subjects:

Getting the Business—Local Agent—Driver-Banker, Etc.

Best Selling Points in the Farmers Complete Income Policy. What Clover Leaf Men Make. Permanency and Persistence of Business.

Closing Difficult Cases.

Following the morning program the guests will take lunch at the Pacific hotel at 12:30 p. m. At 2 o'clock a meeting of the life department will be held. Fay G. Smith, incoming president, who has written the largest volume of paid for and examined business in the life department since January 1st, will be in charge of the meeting.

Part of the afternoon will be taken up with the organization of the \$100,000 and \$200,000 life clubs and establishing the company's quota for the next club year. The club year will run from August 15th, 1919, to August 15th, 1920. The life department anticipates writing not less than five million dollars new business in the coming twelve months. The farm department has established a new business quota of \$200,000 in cash premiums. Quota will be allotted and established also for each of the fourteen states in which the company is operating.

At the close of the afternoon session the special prizes and honors of the various men, according to their length of service and the volume of business written and number of applications written in the various departments will be presented.

The ladies of the visiting party will be entertained by the wives of the men connected with the home office. At 5:30 an automobile ride about the city will be enjoyed and the remainder of the time will be spent at Nichols park.

A party of some fifty persons will leave Friday morning, August 29th for Havana and proceed to Quiver Lake, Chautauqua Park hotel, where accommodations have been made for four days vacation. The company has extended the invitation for some thirty home office employees to join in the vacation party, leaving Saturday afternoon for over Sunday and Labor day. Among those who have already signified their intention to attend the meeting are:

G. H. Lane, Alton, Ill.; W. A. Killion, St. Louis, Mo.; P. A. Park, Belleville, Ill.; C. E. Hamilton, Bloomington; T. E. Campbell, Springfield; C. A. Goodale, Detroit; C. H. Glenn, Chicago; N. E. JACKSONVILLE CHILD MAKES FINE SHOWING

Rex D. Brittenham Ranks Among Highest in Better Babies Contest at State Fair—Other Morgan County Children Entered.

A local child has the distinction of ranking among the highest at the better babies contest at the state fair this year. The child is Rex D. Brittenham, son of Mr. and Mrs. Rex F. Brittenham of 1003 South Clay avenue, and he ranks among the first five in division 1, which is made up of boys between the ages of six months to one year.

The highest rank is held by a Decatur baby, which has a score of 98.5 per cent. Each child entered in the contest will be examined and given a score and the most perfect will receive the prizes.

Another Morgan county child, Harold R. Newman, son of Mr. and Mrs. George Newman of Woodson, is in division two. This is made up of boys from one to two years of age.

A number of other Morgan county children have been entered in the contest, among the number being Francis Donald McNamara, 28 months old, child of Mr. and Mrs. Andrew McNamara, and Mary Baxter Coultas, 26 months old, daughter of Mr. and Mrs. O. F. Coultas. A number of children from this county may still be entered, and it may be that more than one prize will be awarded to Morgan county children.

In the examination Tuesday Dr. E. P. Norbury, so well known locally, explained the mental tests as they were made upon the children and this feature added much to the interest of the onlookers.

Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONTYMAN, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

16,000 ACRES AT PUBLIC AUCTION

The Dr. Rea Ranch, in the northwest corner of Stanton County, Kansas, is to be sold in 160, 320 and 640 acre farms to the highest bidder on Sept. 9th, 10th, 11th.

This land is deep rich black virgin soil; no sand; level or slightly rolling; plenty of good soft water. Wheat in this section produced twenty to thirty bushels per acre this year. This land has been owned by Dr. Rea for the past twenty years and the increased value of the land for farming purposes is the reason it is being offered for sale.

Take a trip with us to this sale.

GEERS TAKES LION'S SHARE OF HONORS

POUGHKEEPSIE, N. Y., Aug. 21.—Edward E. Geers took the lion's share of honors at the second day of the Grand Circuit here, driving four of the five winners on the program and in one of his victories piloting Goldie Todd to a clean cut, straight heat triumph over Frank Dewey and Sanardo. The veteran reinsman accounted for "the Vassar" 2:10 pace, a \$3,000 purse, "The Liberty" 2:16 trot for three year olds, which he won with Molly Knight and the two Breeders' club events, the two year old and three year old trots. Budette and Wili Wili were the winners.

Walter R. Cox drove McGregor the Great to a straight heat win in the other \$3,000 event, "The Troughkeeper" with Holyrood Naomi, second and Joseph Guy third.

PICNIC POSTPONED

The home coming picnic which was to have been held at Concord yesterday was postponed until Thursday, Sept. 4th. On that date it will be held at the Bert Way grove south of Concord in the form of a basket dinner, an all day affair. While the Methodist church is primarily responsible for the event, yet it is to be a community picnic and everyone is invited to be there.

JUSTICE OPPERMAN HURT

Justice A. B. Opperman had the misfortune Wednesday evening to have a horse step on his foot, badly spraining the ankle. As a result of the accident he was unable to be at his office Thursday.

VICTORY BUTTONS AVAILABLE SATURDAY

Word received from Captain C. D. Bush, assistant recruiting officer of Springfield, of the field artillery, states that he will arrive in Jacksonville Saturday morning, August 23 on the early Wabash train and will be at the local army recruiting station on East State street for the purpose of distributing the Victory buttons which the government has for all honorably discharged army men. Gobs and marines are not entitled to these emblems, the navy taking care of them in different fashion.

ARMSTRONG'S DRUG STORE

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sun-burn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

FARM PROPERTY

We sold over \$101,445.00 worth of property last week, but we have listed some more. Look these over and come right in to see about them.
(a) We have three and one-half miles from Murrayville a farm of 100 acres mostly in cultivation with some good pastureland. Complete set of improvements necessary for such a farm. Price \$150.00 per acre.
(b) Three and one-half miles west of Woodson we have a forty acre farm with a small house, good barn and other buildings for \$3,000.00.
(c) Five miles from Versailles we have 100 acres nearly all level to farm with a good set of improvements for \$100.00 per acre.
(d) Five miles from the city we offer a farm of a little over 90 acres with forty acres in crop, balance in alfalfa and blue grass pasture. Five room house, a good barn and other out buildings. Fine location on a good road and a mile and half to shipping point. Price \$150 per acre, easy terms.
(e) In the Franklin neighborhood we have 30 acres, timber edge land with a nice new house with furnace and other modern conveniences. Barn and other buildings. Convenient to church and school. Price \$250.00.
(f) 1/2 mile, five miles from the city, black prairie to timber soil. Two full sets of improvements at \$250.00 per acre.
(g) West of the city we have one of the most complete farm homes to be found, a short 100 acres for \$400 per acre.

CITY PROPERTY

(1) In the second ward a fair little house with well and cistern, good garden place and chicken yard for \$50.00. Immediate possession.
(2) In the third ward a four room cottage in good condition for \$100.00.
(3) In the first ward a house of five rooms, chicken house and garage in good shape for \$150.
(4) In the second ward a six room modern house for \$250.00.
(5) In the west end just outside the limits we have a new six room house with sleeping porch and bath. All modern with concrete walks and garage. Price \$600.00.
Save time for you and me by phoning for date to be shown these properties. Don't expect to come in just any time and find me waiting. You will often be disappointed. I'm away from the office most of the time. Ask Miss Jordan at the office she knows all about it.

Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers
Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.
He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.
And best of all this remedy costs

almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.
Then gargle as directed and twice daily sniff or spray each nostril thoroughly.
That's all there is to it; so simple that a lot of people will say that it can't do the work but oftentimes simple natural remedies are the best as you will find after using.
If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

FINANCIAL AND COMMERCIAL

California's fruit, now at the height of the season, is exceptionally abundant. As prices are very high the money is pouring into the state, most of it coming from New York, Philadelphia and other Atlantic coast markets. Total shipments to August 12 were 8,152 carloads as against 5,655 to same date last year.

Something of the vastness of the sales of the California fruit in eastern markets is conveyed by the reports from New York alone, which this week show that from fifty to sixty carloads are sold there a day. The market for seedless grapes was topped August 12 when sales were made at \$2.10 a box. Bartlett pears sold for \$3.40 a box, and Elberta peaches at \$1.20.

Fruit men report that car shortage has materially impeded the forward movement of fruit, but the situation has grown better. A washout on the Santa Fe system was a contributory cause, and congestion was considerably relieved when the line was repaired.

In this as in other classes of products the profiteer is adding to the discomfort of the public. Buyers are complaining that the holding of fruit for higher prices is restricting purchases. Last week Malagas sold as high as \$2.50 per crate, but later dropped to \$2 and \$1.75. In less than two weeks Tokay apples from the Lodi district will make their appearance and the price of Malagas should then further decline.

The receivership of the Aurora, Elgin and Chicago Railroad Company is another case in which higher costs of materials since the war have worked against an electric railway system. An indirect result is a handicap to communities served by the system. The receivership follows a strike of trainmen inaugurated on this 200-mile system August 1.

Operation was suspended, but in an agreement entered into by the company, civic and commercial bodies of the communities and the trainmen's organization permits power houses to operate to supply power for water pumping stations at Elgin, Wheaton, Glen Island, Lombard and West Chicago, but not for lighting and for the operation of industrial plants. This service may be restored thru conferences which are proceeding in the hope of ending the strike. The trainmen, who had been

receiving forty-six cents an hour, asked an increase to eighty-seven cents. Company officials said the amount necessary to meet this demand would exceed the total gross receipts of the company and would leave nothing for payment of taxes, maintenance depreciation and interest on investment.

There has been a slow but steady advance in the prices of railway shares during the last few days and, although these stocks are still selling far below what they were two weeks ago, they do show a fair recovery from the low of last week. This recovery in prices is said to be due to buying from investors, because they are of the opinion that these stocks are selling far below their intrinsic value. Because of the present state of affairs in the railroad world there is no incentive for speculation in this class of security, consequently they do not recover as easily as the industrial issues. But aside from investment buying from the so-called bargain hunters, it is said in the Street that some of the big people are accumulating the shares on the belief that Congress will not be influenced by the demands of the brotherhoods in carrying out its plans. It is no secret that Congress is opposed to government ownership. This is due to the experiences during the war. The government management of the telephone and telegraph lines also gave the public an idea of what might have been had government operation of utilities.

The best opinion available in banking quarters today was that the stock market is going to stand still until some kind of an understanding or working basis has been established between capital and labor. Only a very short time ago, but before the existing railway situation arose, it was pointed out in this column that that big men of Wall street were working their best to get hold of some kind of a fair profit-sharing arrangement, feeling that such was the only solution to the trouble then seen on the horizon. Today two very prominent Wall street men who only once in a blue moon talk for publication gave their views on the labor situation.

Denver and Rio Grande Railroad directors have declared the full 3 1/2 percent semi-annual interest on the adjustment mortgage bonds, payable October 1.

STEADILY RESIST PRESSURE IN CORN

Offerings are Readily Absorbed and Each Decline is Followed by a Rally.

Chicago, Aug. 21.—Selling pressure on the corn market today met with steady resistance, and average prices were somewhat higher than at times the market fell off particularly in mid-session.

Offerings were readily absorbed and each decline was followed by a rally. Corn closed strong 1/4 @ 1 1/4c net higher with September at \$1.84 1/2 @ \$1.85 and December \$1.84 1/2 @ \$1.45 1/2. Oats closed 1/4 @ 1/4c higher and provisions finished 25 @ 55c higher.

Crop reports from the big corn areas in Iowa and Illinois were favorable but failed to materially depress the corn prices.

Oats exhibited a firm undertone with corn and in general followed the fluctuations of the major grain.

Short covering was a feature of the provisions market which was higher thruout the day.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced to acid-stomach.

Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach ills. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box, \$1.00 for a box from him today and if you are not satisfied he will refund your money.

CONCORD RESIDENT RETURNS FROM SOUTH

J. G. Wester Made Extended Visit at Old Home at Morristown, Tenn.—S. S. Class Gave Ice Cream Social—Other News Notes From Concord.

Concord, Aug. 21.—Mr. and Mrs. C. E. White had for Sunday guests Mrs. M. E. Brewer and Mr. and Mrs. E. M. Phillips of Little Rock, Ark.; O. C. Anderson and Mr. and Mrs. Russell Smith, of Pike county; Mrs. Joe Taylor of bluffs; Mr. and Mrs. C. E. Drake and son Charles Edward; Mr. and Mrs. John Drake and little daughter; Mr. and Mrs. Edward Rice and family of Chapin.

J. G. Wester returned Saturday night from a visit to his old home at Morristown, Tenn. Mr. Wester has a great deal of interest to relate about his trip. He told the writer that Morgan county is far ahead of the states he passed through so far as crops are concerned. After he left Scott county the corn looked worse and worse. A great deal has been cut up and fed already. Indians in Kentucky and Tennessee are all hard hit by the drought. The tobacco looks like it would burn if set on fire. Land in Tennessee is up to \$200 per acre. At Louisville he saw the largest amount of hay in one body he ever saw. It was all gone, however, by the time he came back that way. Mr. Wester lives on the old Silcox farm now owned by A. G. Brockhouse, and has a fine prospect for a large crop of corn.

Homecoming Celebration
A homecoming meeting was held at the St. Paul's Lutheran church southwest of here on Sunday for the eight soldier boys of the congregation. Rev. J. H. F. Sieving delivered a very interesting sermon appropriate to the occasion. His text was taken from II Timothy, second chapter and 3d verse which reads as follows: "Thou therefore endure hardness, as a good soldier of Jesus Christ." The eight soldiers, Sergt. Walter F. Unken, Fred Nergenhah, Arthur Nergenhah, Wm. Neinheiser, Fred Myers, Paul Sieving, Edwin Eckhoff and Fred Lakamp, wore their uniforms. In the afternoon a membership meeting was held, after which Sergt. Unken and the others gave an exhibition drill. At the morning service the boys headed by the minister, marched into the church to places assigned them. Ice cream and cake were served in the afternoon. Fred Nergenhah, Fred Lakamp and Ed-

win Eckhoff served in France and the other five in this country. The service was largely attended, as almost every member was present. The homecoming of the M. E. church has been postponed until September 4th.

Miss Irene Valentine has been visiting her Grandmother Saffer at Alexander. She returned on Friday.

Mrs. B. A. Cratz will attend the chautauqua at Jacksonville and will occupy a tent.

Attended Uncle's Funeral
Mr. and Mrs. J. W. Fox and daughter Edith, and Mr. and Mrs. J. L. Alderson, Henry Alderson, Mrs. Minnie Coultas and son Tommie went to Carlisle on Friday morning by auto to attend the funeral of an uncle, Mr. Lee by name, who passed away one day last week. The party returned on Friday evening just in time as it began to rain about that time.

The Willing Workers class of the Christian church gave a very successful ice cream social on the lawn at O. T. Hamm's on Saturday evening. They cleared \$19 and had a fine time.

A. J. Wheeler and family and Mr. and Mrs. Gus Wheeler and daughter Elva drove in their car to Hershman to help celebrate the 50th birthday of Mrs. Hall, mother of Mrs. Gus Wheeler. It was also the twentieth birthday of Master George Wheeler. Andrew Wheeler and family returned on Sunday.

Master Robert Ham of Arenzville, has been visiting his uncle and aunt, Mr. and Mrs. O. T. Hamm in Concord.

Albert and Walter Brockhouse and J. E. Whorton motored to Springfield on Monday to attend the fair.

Word has been received that E. P. Gish a missionary of the Christian church, has returned to his home at Eureka for a time. He formerly preached here.

AUTOMATIC STEREOCLAVE

The Jacksonville Candy company on the south side of the square has greatly improved their soda fountain by the installation of an automatic Stereoclave. J. H. Reichart of Muncie, Ind., and G. H. Ferdinand of Chicago completed the installation work yesterday. This electric device by automatic action thoroughly sterilizes glasses, spoons and dishes with fresh air and electricity.

PARTY WAS GIVEN AT LITERBERRY THURSDAY

Pleasant Affair at home of Mr. and Mrs. A. W. Petefish in Honor of Granddaughters—Other News Notes From Literberry.

Literberry, Aug. 21.—A very pleasant party was given Thursday afternoon at the home of Mr. and Mrs. A. W. Petefish, in honor of their granddaughters, Misses Irene and Dorothy Ogile, who are here from Topeka, Kan., for a visit with relatives. About twenty-five young people spent the afternoon at the Petefish home, enjoying games and various pastimes. During the hours delicious refreshments were served. Among the guests were Misses Neva, Vivian and Irene Butler of Vandalia, Mo., who are guests at the home of Mrs. G. T. Litter.

Jesse Petefish and John Chapman went to Bunker Hill Thursday for a visit with Mr. Chapman's cousin, Miss Jean Caldwell. Among Springfield visitors Thursday from Literberry were E. T. Young, W. W. Young, Charles Young, Thomas Crum, Arthur Johnson, Paul Johnson and C. A. Johnson.

Dr. T. O. Hardesty, returned from service, will be found at 336 West State St. Hours 10 to 12 and 2 to 5, daily.

VETERANS ATTEND SOLDIERS' REUNION

Capt. J. A. Schaub and George Paul Visit State Fair Wednesday.

Capt. John A. Schaub and George Paul took in the state fair Wednesday which was soldiers' day. Mr. Paul says the scarcity of bronze buttons was affecting his own regiment, the 10th Ill. Cavalry, has kept its reunions for many years and this year did better than last, having but twelve present in 1918 and eighteen this year. They had a tent and headquarters and the few there had a lively time discussing days and scenes gone by. He said he saw Major Johnson of the 7th Infantry, the famous regiment to which Capt. Alex Smith of this city belonged. The major was an intimate friend of the captain but there were not enough of the old regiment present to make a reunion though in years past the survivors have met in fairly good numbers.

AGED RESIDENT OF GRIGGSVILLE DIES

Mrs. Sarah Griffin Passed Away Tuesday Morning—Spent Entire Life of Seventy-four Years in Griggsville—Other News Notes from Griggsville.

Griggsville, Aug. 10.—Mrs. Sarah Griffin died Tuesday morning at the home of Mrs. Albert Loveless, following an illness of long duration. The deceased was seventy-four years of age and had spent her entire life in Griggsville. At the age of twenty years she was married to Daniel Griffin, who preceded her in death a number of years since. Nine children were born to this union, two of whom died in infancy. The following children survive their mother, Mrs. Laura Sargent, Bert and Boone Griffin of Hannibal, Mo.; Mrs. Opal Johnson of Oklahoma; Mrs. Plossie Love and Mrs. Sarah Dyer and Riley Griffin of Arkansas. For the past several years Mrs. Griffin had made her home with Mrs. Loveless, who had given her the most loving and devoted care during her final years.

The deceased was a woman of many fine traits of character and her going will be the source of regret to her many friends in this community. The funeral services will be held tomorrow afternoon at the home of Mrs. Loveless.

Mr. and Mrs. Carl Taggart have moved to Quincy, where they expect to make their future home.

Miss Elsie Wassell, bookkeeper at the Griggsville postoffice, has resigned her position. Miss Wassell will be one of the early fall brides.

Miss Mary Laird and about sixty of her pupils at Griggsville gave a recital at the M. E. church at Maysville Tuesday evening.

MR. AND MRS. C. W. TAYLOR BACK FROM EASTERN TRIP

Mr. and Mrs. Carlton W. Taylor, who recently returned from an automobile trip to the east, traveled 2,600 miles. On the journey going they had a little tire trouble but the return trip was made without punctures or blowouts. Road conditions were admirable in the east and the trip was one of great pleasure. While in New York Mr. Taylor spent some time in closing up the business of an estate in which Mrs. Taylor was interested.

ESSEX MOTOR CARS

Just a Ride Makes Men Want the Essex

A Hundred New Owners Are Added Daily
—Each a Warm Supporter of the Essex

Surely no car has ever equaled the Essex in the way it has been endorsed by the public. From the very first it has been advertised just as we said it would be, by what people had to say for it.

You remember we announced the Essex would have to speak for itself. Its fate was left with the people. And now you can judge what the verdict has been.

One Hundred Owners Added Daily
Deliveries at this writing exceed 10,000 cars. And average of 100 new buyers are getting their Essex cars every day.

Such a production would be large for many older organizations. But it is not half equal to the demand that there is for the Essex.

Sweden Ordered 5 Then Cabled for 75
The first shipment of Essex cars reached Sweden a few days ago. The initial order was for 5. But on the day they were unloaded the dealer cabled for 75 to be shipped immediately.

That is significant, for Sweden is one of the countries where gasoline costs nearly a dollar a gallon. Even before the war European countries did not take readily to American cars. Only the light, small, inexpensive cars had a market then.

Cost of operation was the big item. Gasoline and oil prices made large cars impractical.

But the Essex just met the needs. It has the sturdiness and dependability. Europeans had never attributed to moderate priced American cars. The Essex met their demands for economy and low operating cost.

And Those Advantages are Important Here
Americans rather than put up with the customary objections of light low

How Everyone Talks for the Essex
They tell their friends what they have learned about it.

Any dealer can tell you of person after person who has placed orders with him as the result of a ride they have had with some friend. As a test of how it stands in the opinion of motorists in general, or even the man in the street, mention the Essex anywhere you might be in such a way as to provoke a discussion of it.

The result will be interesting. You aren't likely to hear a single adverse criticism. But you will probably conclude everyone is interested in selling you an Essex.

That is the Essex Selling Force
It is just what you will hear from any group of motorists. Everyone seems bent on telling everyone else what a fine car the Essex is.

Note the manner in which they praise it. People judge it in comparison with other cars of merit that they know.

That probably explains why Essex performance and quality is compared to large, high priced automobiles.

There is no other measure by which Essex can be described.

When will you take your ride in an Essex?

Your enthusiasm will be as great as it now is with close to a million others. Essex boosters grow daily—and thus they swell Essex sales.
